

SKY MASTER

The Sky Master has been designed to offer an industrial grade alternative to traditional metal halide street and conveyor lights. The smooth cover prevents build-up of dirt and debris, making for better long term efficiency and easier maintenance. With a range of beam patterns and two wattage options available, the Sky Master covers all requirements. Smart controls and light sensors are available as optional.

| SPECIFICATIONS | Sky Master 50W | Sky Master 180W |
|---|--------------------|---------------------|
| Wattage | 50w | 180w |
| Light Output Effective @ 75degC | 7492lm | 26847lm |
| LED Efficacy Raw | 150lm/w | 150lm/w |
| Voltage Range | 200-277vAC | 200-277vAC |
| Current Draw @ 240vAC | 0.2A | 0.78A |
| Power Factor (Full Load) | >0.95 | >0.95 |
| Operating Temp | -30degC to 70degC | -30degC to 70degC |
| Waterproof Rating | IP66 | IP66 |
| Housing | Die-cast Aluminium | Die-cast Aluminum |
| Colour Temp STD | 4000k | 4000k |
| Colour Temp Options | 3000k or 5000k | 3000k or 5000k |
| CRI | 70+ min | 70+ min |
| HPS / MH Equivalent | 100W | 400W |
| Lens Construction | PC/Toughened Glass | PC/ Toughened Glass |
| Lifespan | 50,000+ Hours | 50,000+ Hours |
| Beam Types | Wide | Wide |
| Emergency Function & Run Time | N/A | N/A |
| Emergency Function light output | N/A | N/A |
| Electronic Thermal Management | Yes | Yes |
| Weight | 1.9kg | 4.7kg |
| Warranty | 5 Years | 5 Years |
| PART NUMBERS | | |
| SkyMaster part No Street lights beam | SMII50W4SL | SMII180W4SL |

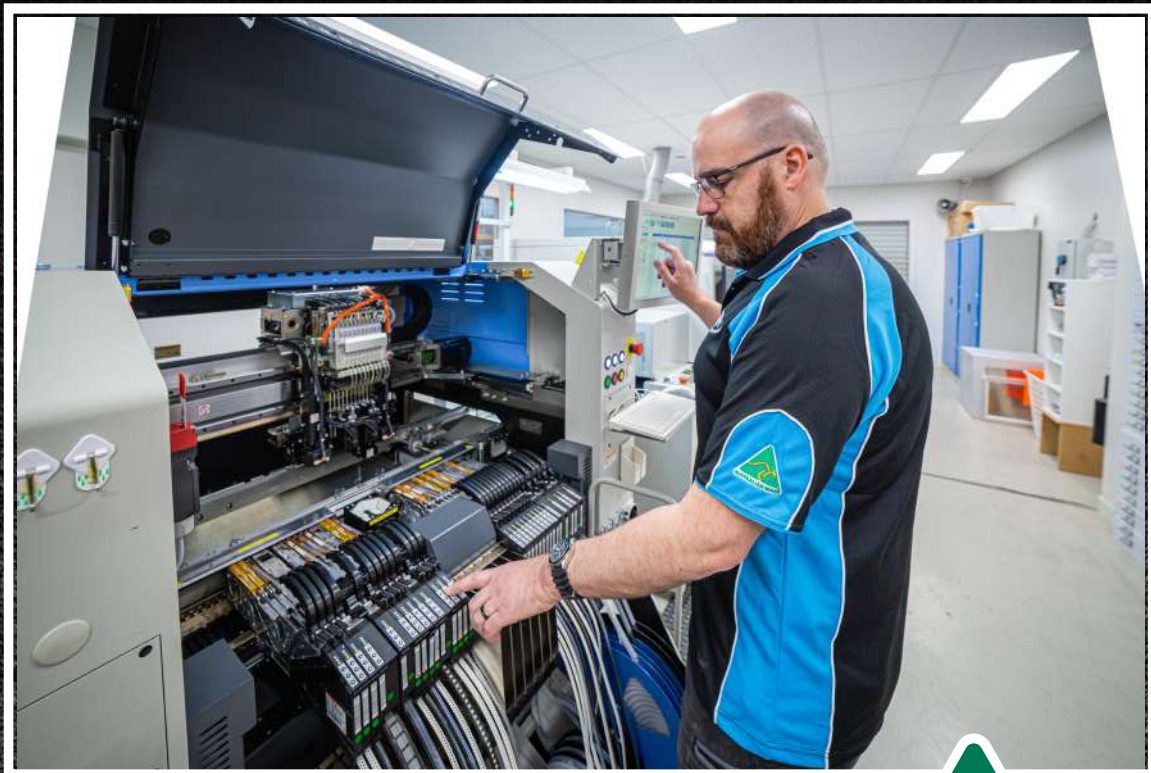

AUSTRALIAN MADE

Why does Dura Vision manufacture in Australia?

Firstly, we believe in Australia as a manufacturing country. Secondly, it gives us total control over the quality of the finished product ensuring that it can do exactly what we say it can do. In our harsh environments, this can be the difference between success and failure, life and death. Thirdly, it gives us a lot of flexibility for trying new ideas and keeping ahead with new innovations.

Having invested heavily in our people, a purpose built factory in north Victoria and hi-tech equipment, ensures we are prepared for whatever design and manufacturing challenges come up in the future.

Australia's No.1 manufacturer of LED for extreme environments.

Part of our production facilities at our Swan Hill Head Quarters.
